Dubai Mall Aquarium & Penguin Cove

Dubai, United Arab Emirates | Nature and Wildlife

Tour Description

The **Dubai Mall Aquarium and Penguin Cove Tour** is an unforgettable encounter that will amaze visitors of all ages. This stunning aquarium is situated inside the renowned Dubai Mall and is among the largest suspended aquariums anywhere in the world, housing a very varied array of marine life. It holds over 33,000 different aquatic animals in its 10 million liter tank, including sharks, rays, and colorful fish. These incredible creatures could be observed by visitors while walking through the underwater tunnel, offering an unparalleled perspective from above as they glide overhead. But the principal aquarium itself, another delightful highpoint of the tour, is the Penguin Cove, with its colony of Gentoo and King penguins in a very authentically reproduced naturalistic habitat. One becomes quite immersed in an experience-and-learning opportunity for guests about penguin behaviors and conservation efforts to protect these interesting birds.

The tour encompasses all the features, both informational and fun, while the interactive displays and informative presentations delve into the importance of marine conservation. This will be an interactive, hands-on exhibit that will inspire visitors to seek more knowledge about the fragile ecosystems that exist in our oceans and provide a sense of stewardship for marine life. The **Dubai Mall Aquarium and Penguin Cove Tour** will not be just an outing but a feat of man's ingenuity in reaching out to nature for further awareness of what lies beneath the waves. For families, friends, and solo travelers, this tour is surely bound to be an extremely memorable day of wonder and excitement in one of Dubai's most striking settings.
