Gardens by the Bay Singapore - The Flower Dome + Cloud Forest with Jurassic World

Singapore, Singapore | Nature and Wildlife

Tour Description

Gardens by the Bay is one of Singapore's most famous attractions. It takes you to a beautiful world of nature and adventure. Visit the amazing Flower Dome, the world's largest glass greenhouse. It has a beautiful garden setting with bright seasonal flowers and uncommon plants from Mediterranean and semi-arid areas. The plants grow under a beautiful glass canopy. Keep on into the Cloud Forest, which is full of mist and has a huge indoor waterfall and a verdant mountain covered in rare species from tropical highlands. Walk across raised walkways and interactive displays that show off the beauty and fragility of the ecosystems on our world. If you want to do something very different, check out Jurassic World: The Experience. The Cloud Forest turns into a prehistoric jungle full of life-sized dinosaurs based on the hit movie Jurassic World.
